—The water ditches in town need the attention of those in authority.
—Quite a number of our citizens will leave for the new El Dorado—Tombstone District.

—Col. Wilkins, now in Command at Whipple, has been ordered to Benicia Cal.
—Quite a heavy rain fell in Agua Fria Valley last Monday. It was a blessing to the corn crops.

—Two loads of lumber from Curtis' mill, Prescott and destined for the Cave Creek mill, was brought into Phenix, on Monday.

—A decomposed dog has laid himself on the green on the north side of town. He resembles Barnum's fat woman. Where am the Health Officer.
—Capt. Hancock is still engaged in surveying the line for the new canal. Work will be commenced as soon as the ditching machine arrives.

—Two more cases of small-pox reported this week making four in all—one ended fatal. It is thought that it will not spread further.
—Mr. C. H. Gray has sold his fruit crop to A. M. Janes & Co. This firm has also bought all the fruit in the Valley.

—The election for delegates to the County Convention takes place in a few days. Prepare your tickets, gentlemen, and select good men.
—We call attention to the advertisement of J. R. Dall & Co., who have opened a wholesale liquor store in our town.

—A drunken Indian stabbed a squaw on Friday night, but not seriously. He was taken in by the Sheriff.
—Thirteen mule teams passed through this place during the week, some unloaded here while others loaded with cereals and flour for the districts north of us, that cannot raise such products.

—C. H. Gray, an old pioneer, and farmer of this Valley, leaves us to-day accompanied by his wife, to visit the old folks at home in New London, Arkansas. He will be absent two months. We wish Mr. Gray and his estimable wife, a pleasant trip and a safe return.

—Our material for enlargement has left Yuma, and when it arrives we will issue a handsome seven column paper. Roll in your subscriptions, and help us to make it the leading paper of Arizona.

—Tuesday morning, several Mexicans, having too much "tangle-foot" on board, got into a difficulty in one of their bagnios, and for a time, looked as if blood would be shed, Officer Phy, however, put a stop to it, and probably this was the cause of the assault being made upon him in the afternoon.

—During the late storm on Monday night, the lightning played havoc with the telegraph lines. In the Phenix office it broke 38 cups in the battery room, and otherwise displaced things. On the line a great many poles were split into kindling wood. Manager Harrison and his assistants were kept busy for several days repairing.

—Last Tuesday afternoon, our usually quiet town was startled by the report of two pistol shots in rapid succession and the screams of a woman. On reaching the spot we found Deputy Sheriff Phy, lying on the ground, with a severe wound on the head. As the officer was the only white person present at the time of the difficulty, we are unable to get the full particulars that led to the assault. It is conjectured however, that he was endeavoring to quell a disturbance in a house occupied by Mexicans, and in arresting one of the participants, he was struck on the head with a blunt instrument, and thrown or knocked into a ditch. It is not known who fired the shots. The officer is improving, and hopes are entertained of his early recovery.
